

## LIQVID: Fastest growing Indian eLearning company

**Noida, India; Tuesday, November 28, 2006; 19:41 PM**

Noida based **LIQVID eLearning Services** ([www.liqvid.com](http://www.liqvid.com)) has been **ranked 8<sup>th</sup>** among the 50 fastest growing companies in India at the '**Deloitte Technology Fast 50 India 2006**' award. This award has been instituted in India by Deloitte to recognize the fastest growing technology companies in India as a part of their global Fast 500 program run in parallel with the United States, Canada, United Kingdom, France, Norway, Sweden, The Netherlands, Germany, Central Europe, South Africa, China, Hong Kong, Japan, Korea, Malaysia, New Zealand, Singapore, Taiwan and Thailand. The selection process constitutes a rigorous procedure including percentage revenue growth from FY 2003 to FY 2006, among other considerations. LIQVID's stupendous growth in the last 3 years, registering about 450% across these years and its consistent business performance contributed to this recognition.

Vivek Agarwal, CEO, LIQVID, said, "Global companies are gearing up to benefit from the strategic advantage of offshoring their training development budgets. Service providers in India are maturing while accommodating the staggering demand. Our strength comes from our deep knowledge and commitment to the area of eLearning and the process, the team, and the track record that we have been able to build in a short period of time. We are today probably the only eLearning company in India with a dedicated research team. We have a long way to go but this recognition certainly means that we are on the right track..."

At the same time, **LIQVID has also been selected** in the "**Deloitte Technology Fast 500 Asia Pacific program**" that recognizes the fastest growing technology companies across the Asia-Pacific Region.
